

# SELF CARE PLAN

Losing someone we love changes how we live and who we are. The first step is to take good care of yourself.

Creating a self care plan and practicing those techniques that tend to our physical, emotional, social, and spiritual needs can help anchor you in times of stress and upheaval.

## WHY IT MATTERS

Self care can improve our well being, minimize stress, reduce the damaging effects of grief, and help us adjust as we learn to live with our loved one in our heart instead of our arms. By identify things you enjoy, you'll be able to create a unique and helpful self-care plan you'll stick with.

### CREATE YOUR PLAN

**STEP 1:** Identify your emotional, physical, social and spiritual needs.

**STEP 2:** Create your self care plan and fill it with activities you enjoy.

**STEP 3:** Put it into action and stick to it.

**STEP 4:** Reassess it every 3 months and adjust as needed.
